

UNDER ONE SKY

VOLUNTEER

ABOUT US

A new charity 'Under One Sky' is seeking Trustees for a project that will work with children (5-11 years old) from asylum seeking and refugee backgrounds. Initially the project will operate in south London with scope to expand. The project was inspired by the Founder (Sai Raza's) work with families in refugee camps in Greece and extensive experience working with vulnerable people and environmental charities for the past 10 years. The idea is to help these children engage in outdoor learning, using nature trails, forest schools and outdoor play to help them learn as well as facilitating better mental health. South London has an abundance of green spaces, this would be great way to get marginalised children outdoors and explore nature. We are also in the process of developing a community Campaigners group and a Migration Education Initiative.

We are seeking supporters who have a desire to make a difference to these marginalised children's lives and help to have some semblance of a childhood. We're currently a team of four with varied experience across the third sector, we are seeking friendly, approachable people who will take initiative and like to actively get involved. Applicants from refugee/asylum seeking backgrounds are encouraged to apply.

Campaigners will help lead the development and delivery of our campaign strategy for 2019-20. They will work with a group of community campaigners to help realise this.

Much of the work will involve engaging with MP's, organising events such as a film screening with panel and developing ideas to get the message out there. We are keen to have creative ideas and events and develop good relationships with stakeholders to help raise the voice and plight of child refugees. It's a great way to venture into campaigning work at the grassroots level.

You must be be proactive and show initiative. Having a 'can do' approach to work. An excellent communicator, resourceful, able to come up with creative ways for us to raise awareness and work with integrity at all times. Time commitment is around 8 hours per month.
