

UNDER ONE SKY

## VOLUNTEER

### ABOUT US

A new charity 'Under One Sky' is seeking Trustees for a project that will work with children (5-11 years old) from asylum seeking and refugee backgrounds. Initially the project will operate in south London with scope to expand. The project was inspired by the Founder (Sai Raza's) work with families in refugee camps in Greece and extensive experience working with vulnerable people and environmental charities for the past 10 years. The idea is to help these children engage in outdoor learning, using nature trails, forest schools and outdoor play to help them learn as well as facilitating better mental health. South London has an abundance of green spaces, this would be great way to get marginalised children outdoors and explore nature. We are also in the process of developing a community Campaigners group and a Migration Education Initiative.

We are seeking supporters who have a desire to make a difference to these marginalised children's lives and help to have some semblance of a childhood. We're currently a team of four with varied experience across the third sector, we are seeking friendly, approachable people who will take initiative and like to actively get involved. Applicants from refugee/asylum seeking backgrounds are encouraged to apply.
